BILLION BUSHELS INCREASE

In Food Crops Predicted—Corn Yield
To Be Largest in History; Winter
and Spring Wheat To Make
Excellent Showing; Potatoes
And Tobacco Hit
Top Mark.

Washington, July 10 — A billion
bushels increase over last year's pro-
duction in the principal food crops, is
the response American farmers have
made to President Wilson's mid-April
appeal, saying upon them "rests the
fate of the war and the fate of na-
tions."

The extent of the farmers' response
was disclosed today when a produc-
tion of 6,983,000 bushels of principal
food crops was forecast in the De-
partment of Agriculture's July crop
report. It shows this year's corn crop

will be the largest in history and that
four, and possibly five, other crops
will make new high records.

The corn crop, which for the first
time will exceed 3,000,000,000 bush-
els, shows an increase of 541,000,000
bushels over last year with a total of
3,124,000,000 bushels. The acreage is
fourteen per cent larger than last
year.

The combined winter and spring
wheat crop will be 28,000,000 bushels
more than last year's, with a total of
678,000,000 bushels.

Barley, with prospects of the third
largest crop ever grown, will exceed
last year's production by 33,000,000
bushels, with an output of 214,000,000
bushels.

White potato production, on a 22-
per cent increase in acreage, will be a
record crop with 452,000,000 bushels or
167,000,000 bushels more than last
year, not taking into account the home
garden production, which this year is
estimated to be much larger than ever
before.

Rye, another record crop this year,
will amount to 56,100,000 or 8,000,000
bushels more than last year.

Sweet potatoes will register a new
high total with 82,200,000 bushels or
11,000 bushels more than last year.

Production of tobacco will break an-
other record with a crop of 1,215,000-
000 pounds, which is 64,000,000 pounds
more than was grown last year.

JAS. MONTGOMERY PHISTER

Noted Dramatic Critic Died at His
Home in Cincinnati Monday—Was
Born in Maysville.

The following is from yesterday's
Enquirer:
James Montgomery Phister, one of
the best known dramatic critics in
America, died last night at his home,
3611 Edwards road, Hyde Park, after
long illness.

Falling into a light slumber shortly
after 5 o'clock in the evening, he
awoke in the dusk and called his wife
and children. Jovial and brave in the
face of death he talked with members
of his family until he lapsed into sleep
that knew no end.

Born in Maysville, Ky., in 1853, the
son of Jacob O. Phister, wholesale to-
bacco merchant, he came to Cincin-
nati when a boy. Here he was edu-
cated in the public schools, being
graduated from Woodward High
School and continuing his education at
Yale University.

Returning from college Mr. Phister
married Elizabeth Jane Arnel. He
was the father of three children—Wil-
liam Phister, with Cincinnati papers
as a humorist and cartoonist, died 11
years ago.

A daughter, Mrs. C. M. Wood, lives
in Humboldt, Kan. Stewart Phister, a
son, is a Cincinnati newspaper man,
who assisted his father in his dramatic
work. He is a member of the Third
Ohio Field Artillery.

For more than 35 years, Montgom-
ery Phister was engaged in newspa-
per work. As a writer, cartoonist and
dramatic critic, he was recognized by
all. During leisure moments he em-
braced as a hobby scenic painting.

Identifying himself with Murat Hal-
stead, editor and owner of the Com-
mercial Gazette, he soon established
himself as a dramatic critic of note.

Mr. Phister was recognized for his
fairness, accuracy and courage in his
criticisms.

Sir Henry Irving, E. H. Sothern and
Julia Marlowe were among his warm-
est friends. On his many tours
through Europe he was the guest of
the noted actor, Irving.

Montgomery Phister wrote special
articles for many theatrical and dra-
matic magazines, not only in America
but in Europe. He wrote many plays
and brochures, among the most no-
table being a farce comedy, "A Soap
Bubble", which scored a tremendous
success several years ago.

He was a friend not only of those
prominent on the stage, but of the
most humble. Every doorkeeper, ev-
ery stage hand knew him and respect-
ed him. Letters from the most suc-
cessful and those less fortunate were
received by him daily seeking advice
on theatrical ventures.

During the Spanish-American War
he served as war correspondent.

His love for the theater caused him
to study and specialize in his work.
He was a Thirty-second Degree Mason,
a life member of N. C. Harmony Lodge.

Mr. Phister was a cousin of Cap-
tain Conrad M. Phister and Miss Amy
Phister of this city.

WILL PROBATED IN COUNTY COURT

Yesterday in the Mason County
Court the will of the late G. J. Thomas,
dated June 9, 1917, was produced in
court and filed. The due execution of
the will was proven by the testimony
of Mary E. Nesbitt and W. W. Ball, at-
testing witnesses thereto, and admitted
to probate. Mr. Thomas left his entire
estate to his only daughter, Adele R.
Thomas, the State Trust Company be-
ing appointed her guardian. Should
she die before becoming of age the
estate is equally divided among his
brother, William E. Thomas, his
mother-in-law, Mrs. Sallie Hall, and
his brother-in-law, W. Houston Hall.
The State Trust Company and W.
Houston Hall were named as executor
of the will.

FILES SUIT FOR DIVORCE

In the Mason Circuit Court yester-
day Carl Purdon filed suit for divorce
from his wife, Edith H. Purdon, charg-
ing that she was guilty of such lewd
and lascivious behavior as to prove her
to be unchaste. He asks for absolute
divorce and the custody of the two
children.

"BIG, BRINY TEARS"

Had No Effect Upon Major Bernhardt,
and Johnny Boy Is Now a
Soldier Boy.

A very funny story has just come
to light regarding one of the young
men who joined the Kentucky National
Guard last week, while members of
the Second and Third Regiments were
recruiting here.

The young man, who is a big, strap-
pling fellow, weighing in the neigh-
borhood of 200 pounds, and who lives
in the county, went to Ripley on Sat-
urday night and proceeded to see how
much booze he could carry home—on
his insides. The result was that when
he again arrived in Maysville prepa-
ratory to returning to his beloved
home he was feeling as happy as the
Japs after they had licked Russia.

While in this state of mind, his
ears were assailed by the sweet strains
of music as played by the splendid
military band of the Kentucky Na-
tional Guards. "Music hath charms
to soothe the savage beast," 'tis said,
but this young man's soul was fired
with patriotism and he forthwith en-
listed.

Act three begins with the dreadful
morning after. A stern realization of
the fact that he had actually joined
the army caused the fellow to reflect
seriously on why he had left mother.
He immediately went to see the of-
ficer in charge, and upon being in-
formed that he could not escape ser-
vice he began to weep very copiously,
his large, briny tears causing all of
the weeds in the vicinity to think that
a tidal wave had struck in the vicinity
of Maysville.

After witnessing the grief of the
sorrowing boy for several moments,
the officer roughly told him that he
was no longer "mama's boy" but he

TWELVE REPUBLIC UNITED

"There are no more Pyrenees," exclaimed Louis XIV, on gleefully beholding the prospect of a Bourbon accession to the throne of Spain.

"There are no more distinctions between American republics standing against Teuton tyranny. Their ships in my harbors are welcomed on equal terms, on the terms not of neutrals, but of valiant belligerents in a common cause," declares, in effect, patriotic little Uruguay.

Here, indeed, is a virtual removal of boundary lines that by comparison makes King Louis' metaphorical sweeping away of the Pyrenees seem as petty as it was fallacious. There is no more imagery in Uruguay's dictum. It states a wondrous but substantial fact.

The Monroe doctrine struck a chord of pan-American affiliations. The Uruguayan doctrine resolves that chord into a climax of surpassing majesty and power. America is now all America, not simply the United States. In a sense, the hemisphere becomes one vast nation unified for liberty, a tremendous power that with one voice can say to overseas autocracy: "Thus far and no farther. America is free, America is inviolate."

The great war is profligate of miracles. None that it has performed, however, can be called really secondary to that which has already made twelve republic from Maine to Cape Horn almost as much a unit in vital respects as the Articles of Confederation made the sovereign States of the American Union.—Philadelphia Ledger.

It very often happens that the fellow who kicks because the newspapers do not print the news is the same fellow who comes in and asks to have his name kept out of the paper when he gets into trouble.

HOW TO CAN GREEN PEAS
AND SNAP BEANS

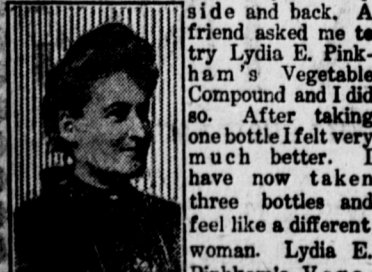

Houskeepers can easily can surplus green peas and snap beans, which are beginning to appear in home gardens in many sections. The season has been unusually good for peas, and home gardeners in many localities are reporting unexpectedly heavy yields. Either of these products readily can be canned with no other home equipment than jars or cans and a wash boiler fitted with a false bottom of slats to keep the jars from resting on the bottom.

Here are directions given by the United States Department of Agriculture to the members of girls' canning clubs in the Northern and Western States:

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PEARCE PESTIDES, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and justice of the peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony, 50c all stores. CLEAN AND REUSE OLD PARAFFIN

Paraffin that has become unclean through usage in canning and preserving, may be cleaned and reused. Don't throw it away because dirt and trash have become mixed with it. Many times paraffin can be cleaned with a brush in cold water. If this does not remove all the dirt, says a specialist of the United States Department of Agriculture, heat the paraffin to boiling and strain it through two or three thicknesses of cheesecloth

placed over a funnel. Or a thin layer of absorbent cotton over one thickness of cheesecloth may be used as the strainer. One straining should be sufficient ordinarily but if the paraffin still is unclean heat and strain again. Any paraffin lodging in the strainer may be recovered by heating the cloth and pouring off the hot liquid to another strainer.

THE UNIVERSAL CAR

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first."

MILK TOAST

Don't throw away stale bread and left-over skim milk, Madam Housewife. From them you can make that simple and well-known but nourishing dish, milk toast, the United States Department of Agriculture points out. This makes a good dish for breakfast, luncheon, especially for children.

Heat the milk. Add a small quantity of butter and season to taste with salt. Pour while hot over well-toasted stale bread and serve.

Any man feels that he could put up a good front if he only had the backing.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surfaces. Hall's Catarh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarh Medicine. Circulars free. All Druggists, etc.

BE CANNY

Make your hoe this summer keep your can opener busy next winter. Get ready for canning season now. Regrets are the only things ever canned in the jars you forget to order.

Can nothing that can be kept without canning. Dry such vegetables as corn, string beans, navy beans, mature lima beans, Okra, etc.

You can brag about your garden all winter if you have your canned evidence on the dinner table.

Concentrate products, especially soup mixtures, so that each container will hold as much canned food and as little water as possible.

Really there is nothing to canning fruit and vegetables except care, cleanliness, fresh products, jars and heat.

ADVANTAGES IN USING THE SLO

Silage furnishes an almost sure feed supply. There is no surer crop in Kentucky than corn.

The silo provides a means of keeping over, for summer use, feed of high quality.

Three and seven-tenths acres of corn put into the silo furnishes as much feed as 5.3 acres of similar corn cut and shocked.

A corn crop of 35 bushels to the acre will give about 7 tons of silage to the acre, with a gain of \$11 an acre over husking from the standing stalks.

The silo increases the livestock carrying capacity of the farm.

It provides storage for the whole corn plant when it is at its highest feeding value, and in handy form for both winter and summer feeding.

Silage stimulates and improves digestion during the dry-feeding period, and keeps cattle thrifty and fresh.

The United States Department of Agriculture has recently issued a bulletin (Farmer's Bulletin 817), entitled "How Live Stock is Fed in the Bluegrass Region of Kentucky." The material is obtained from a survey of 187 farms and analyzes the successful methods used by these farmers. The pamphlet contains matter that will be of profit to farmers throughout the State. Copies may be obtained from the Division of Publications, United States Department of Agriculture, Washington, D. C.

**AUSTRO-GERMAN LINE ON FRONT
OF TWENTY MILES BROKEN
BY RUSSIANS.**

London, July 11—Halicz, the strategic key to Lemberg, capital of Galicia, has been captured by the Russians, says a dispatch from Reuter's Petrograd correspondent.

Petrograd, July 10—General Korniloff's operations in Galicia along a front of twenty miles have broken the Austro-German front between Halicz and the Carpathians and already the Russian cavalry has pressed forward for a distance of sixteen miles.

To the west of the Dniester, as a result of the Russian forward movement, Halicz has been penned in from the south and southwest and the Russians now are menacing the Halicz bridgehead.

From July 2 to 8, inclusive, General Korniloff took 14,000 prisoners and fifty-five guns, of which twelve were heavy pieces.

OUR BIG PRE-INVENTORY SALE

Starts At Our Store Friday, July 13.

Five years ago we started in business with a horse and wagon, selling to only a few people every day. We tried at that time to give everyone a square deal, giving them first quality in everything at cheaper price. Our business grew. We then occupied a fruit stand on Second street and added a few fancy groceries to our stock. Our trade exceeded our expectations and we were obliged to seek larger quarters, which we found on 137 West Second street. Our policy of square dealing, cut prices and personal service to each customer built up a large trade, which again necessitated us moving to our present commodious quarters.

We wish to thank the many people who stood by us through those years and we believe we can partly repay them for the continued confidence placed in us, in the big PRE-INVENTORY SALE which starts next FRIDAY.

Bring this list with you and it will assist you in buying. Never before have such prices been made in mid-season and with everything as high as at present. Many of the articles listed below are way below wholesale cost price.

Veatoh-Taylor

Relatives and friends in Paris have received cards announcing the recent marriage in New Orleans of Miss Musette Veatoh, of Lexington, to Mr. George Taylor of Maysville.

The bride is a popular young woman, well known here, where she has often been a guest of her uncle, Mr. J. J. Veatoh, District Man-

ager of the Central Home Telephone Company, and Mrs. Veatch. She is a remarkably attractive young woman, whose affable manners and winning ways made her hosts of friends wherever she was a visitor. Mr. Taylor is traveling salesman for the R. J. Reynolds Tobacco Co., and a most capable young business man.

Mr. and Mrs. Taylor will arrive in Paris this week for a visit to Mr. and Mrs. Veatch, while on their honeymoon trip to Northern points. On their return they will be at home to their friends in Louisville, where Mr. Taylor has his headquarters.

Mt. Sterling Gazette: Mr. John D. Wyatt, well known hotel man of Maysville has closed a deal with Mrs. J. W. Barnes for a three year lease of the National hotel property in this city, which Mrs. Barnes recently acquired from the Ewing heirs. Mr. Wyatt, it is understood, will get possession at once and open the famous old hotel in a few days.
